Goal and Purpose

1. Building the trust in the team

To help the believers to trust, share sincerely, listen and accept one another throughout the whole camp. It is to build the basis of life together in the team.

2. Life Sharing

To help the believers to experience life according to their respective congregation methods. By sharing their own life experience with one another, they can understand the strength and uniqueness of each congregation; and to take the opportunity to help and know more about one another.

3. Lead others into Christ

The ultimate goal of the camp is to impart the right values of life, and lead the lost to Christ through the message of the camp and church.

4. To build the team spirit and the sense of responsibility

To focus on the team spirit and the sense of responsibility of the believers in the team.

5. Mutual Respect

The believers learn to respect one another and to emphasise on the importance of giving and receiving throughout the games, activities and race.

* Remarks: Youth Age 12-25, Adult Age 26 above

Closing Date : 26/6/20
